

# Discover your new **Employee Benefits** for a **Healthier Life**

**The Micromobility and Meal Subsidy offered through Children's Hospital Los Angeles.**

## In support of green commuting and healthy living,

Children's Hospital Los Angeles is happy to announce a unique employee benefit.

When you enroll, you'll receive a subsidy of \$100/month that can be used interchangeably between micromobility commuting and meals.

### How it Works

- Each month, \$100 will be loaded onto a prepaid card from your employer.
- Your prepaid card can be used to pay for micromobility commuting options and meals.
- Your funds roll over month to month, so there's no 'use it or lose it'.
- To be eligible, you must be a full time employee and return your parking pass to the CHLA Parking Office. (after all, we're talking about a greener way of commuting!)

## What is micromobility?

Micromobility includes a range of small, lightweight vehicles such as e-scooters, shared bikes, e-bikes and e-mopeds designed for individual use. You can use your prepaid card to pay for:

- Bike purchases, equipment and repairs
- e-bike and bikeshare
- e-scooter and e-moped rentals
- Lease or finance options

## What are meal benefits?

You can use your prepaid card to pay for meals, snacks and beverages during your workday at 24 restaurants and cafes near the hospital campus. For a complete list of restaurants where your card will be accepted, please go to:
